

BiFlow Training Series

PART 1

Website & Checkout

The Homepage • Choosing a Plan • The Checkout Form • Paying with Whish • Your Access Code

What we'll cover in this part

- | | | |
|---|--------------------------------------|--|
| 1 | The Homepage | What a brand-new visitor sees first at biflow961.com |
| 2 | Choosing a Plan | Monthly, 3 Months or Yearly — and the optional add-ons |
| 3 | The Checkout Form | Plan, add-ons and contact details, all on one page |
| 4 | Total & Paying with Whish | The live total, and handing off to Whish Money for payment |
| 5 | Your Access Code | What arrives after payment, and how to activate every device |

1

The Homepage

A brand-new visitor lands on biflow961.com

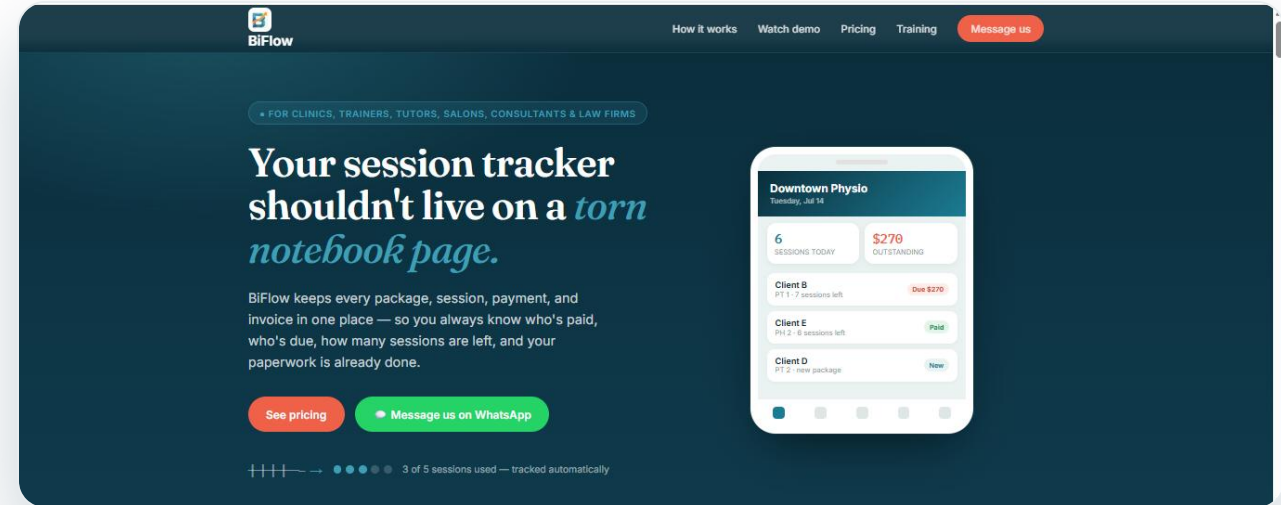

The pitch is aimed at clinics, trainers, tutors, salons, consultants and law firms — anyone tracking sessions, packages and payments

Two ways forward, right at the top

“See pricing” scrolls straight to the plans; “Message us on WhatsApp” opens a chat for anyone with a question first

The live app preview builds trust

A real-looking client list with sessions, balances and package status — the same screens covered in Parts 1–6

2

Choosing a Plan

Three billing rhythms, one feature set

Monthly \$19, 3 Months \$49 (≈\$16.33/mo — the most popular option), or Yearly \$199 (≈\$16.58/mo)

Everything core is included on every plan

Clients, bookings & payments, automatic invoicing & receipts, statistics, WhatsApp messaging and progress tracking

Voice, Official Tax Documents and Expenses are add-ons

Optional on top of any plan — ticking one on this page updates every “Choose” button’s price live

Every plan covers up to 3 devices

Phone, PC/laptop and tablet, at no extra cost — covered again on the Access Code screen at the end of checkout

The image shows a pricing page for a software service. At the top, it says "PRICING" in small letters. Below that, the headline is "Simple plans. No setup fees." followed by a paragraph: "Every plan includes clients, bookings, payments, invoicing, progress tracking, statistics, and WhatsApp messaging. Voice, Official tax documents, and Expenses are optional add-ons. Pick whatever billing rhythm suits you." There are three plan cards. The first is "MONTHLY" for \$19/month, billed every month, cancel anytime. The second is "3 MONTHS" for \$49/3 months (≈\$16.33/month — save \$8 vs monthly), marked as "Most popular". The third is "YEARLY" for \$199/year (≈\$16.58/month — save \$29 vs monthly). Each card lists the same features: Clients, bookings & payments; Automatic invoicing & receipts; Statistics, WhatsApp messaging & progress tracking; and Includes activation for 3 devices (phone, PC/laptop & tablet).

MONTHLY	3 MONTHS	YEARLY
\$19 / month	\$49 / 3 months	\$199 / year
Billed every month, cancel anytime	≈ \$16.33/month — save \$8 vs monthly	≈ \$16.58/month — save \$29 vs monthly
Clients, bookings & payments	Clients, bookings & payments	Clients, bookings & payments
Automatic invoicing & receipts	Automatic invoicing & receipts	Automatic invoicing & receipts
Statistics, WhatsApp messaging & progress tracking	Statistics, WhatsApp messaging & progress tracking	Statistics, WhatsApp messaging & progress tracking
Includes activation for 3 devices (phone, PC/laptop & tablet)	Includes activation for 3 devices (phone, PC/laptop & tablet)	Includes activation for 3 devices (phone, PC/laptop & tablet)

3

The Checkout Form

“Choose [Plan]” lands here with that plan pre-selected

Any add-ons ticked on the pricing page carry over automatically — nothing to re-enter

Add-ons can still be changed here

AI Voice Assistant and Invoicing are \$5 per month of the plan; Expense Tracking is \$10 per month of the plan

Your details

Name and Email (Email is required — it’s how a receipt can be traced later), Phone is optional, and there’s an optional Promo code field

Checkout

Secure payment via Whish Money. After payment, you'll get a single Access Code — use it to activate BiFlow on up to 3 devices whenever you like. No need to have the app open first.

1. Choose your plan

Monthly
\$19

3 Months
\$49

Yearly
\$199

Every plan covers up to 3 devices (phone, PC/laptop, tablet) at no extra cost.

2. Add-ons (optional)

☒ AI Voice Assistant — \$5 / month of plan

☐ Invoicing — \$5 / month of plan

☐ Expense Tracking — \$10 / month of plan

3. Your details

Name

Email

Phone (optional)

4

Total & Paying with Whish

The total recalculates live

Every plan and add-on choice updates the Total immediately — here, 3 Months plus AI Voice Assistant comes to \$64

“Pay with Whish” hands off to Whish Money

BiFlow’s own checkout page never asks for card details — it redirects to Whish Money’s own secure hosted payment page to collect payment

Nothing is charged until that hand-off completes

If payment isn’t completed on Whish’s page, no charge is made and the customer can simply try again

This module stops here deliberately — completing a real payment isn’t something to demonstrate in training material. The next slide shows what a customer sees immediately afterward.

☒ AI Voice Assistant — \$5 / month of plan

☐ Invoicing — \$5 / month of plan

☐ Expense Tracking — \$10 / month of plan

3. Your details

Name

Email

Phone (optional)

Promo code (optional)

Leave blank if you don't have one

Total

\$64

Pay with Whish

5

Your Access Code

One Access Code, up to 3 devices

No Device ID is involved — the same code activates BiFlow on the phone, PC/laptop and tablet, whenever the customer gets to each one

“Open BiFlow” activates the first device instantly

For every other device, open BiFlow there and paste the code into “Have an activation code?” — on the sign-in screen, or under More → My Subscription

Save the code before closing this tab

It isn’t emailed automatically yet — a notes app, or just leaving the page open, is enough until it’s activated everywhere it’s needed

Illustrative screenshot: rebuilt locally from BiFlow’s own confirmation-page code with a placeholder demo code (DEMO-8F3K-91Q2). No real payment was made or attempted to produce it.

COMING UP IN PART 2

Getting Started — activation, your clinic profile, defining service types & prices, and invoice settings

Payment received — you're all set

This code activates BiFlow on up to 3 devices (phone, PC/laptop, tablet) — use it whenever you're ready, on each device, no rush.

YOUR ACCOUNT ACCESS CODE

DEMO-8F3K-91Q2

Valid until Nov 24, 2026

Copy code

Open BiFlow →

1. Tap the button above on the device you want to activate first — it opens BiFlow and activates it automatically, no code to type (if you were already using BiFlow's free trial on this device, just open that instead — same Access Code works there too).
2. For any other device, open BiFlow there and paste this Access Code into the “Have an activation code?” box (on the sign-in screen, or under More → My Subscription) — that device activates immediately.
3. Repeat on your other devices whenever you like — same code, up to 3 devices, no extra charge.

First time on this device? Add BiFlow to your home screen so it opens like a normal app:

- **iPhone / iPad:** in Safari, tap the Share icon, then “Add to Home Screen.”
- **Android:** in Chrome, tap the ⋮ menu, then “Add to Home screen” (or use the “Install app” prompt if one appears).
- **Windows / Mac computer:** look for an install icon at the right edge of the address bar, or use the browser menu → “Install”
